

## SIZE CHART MERRELL WOMEN

**(Petri's Note!** Merrell does not provide instructions for measuring the length of one's own foot. Also Merrell's size chart for women shows the shoes too big quite much. In practice, 1 cm away from the measurements announced by Merrel and in the larger size 1.5 cm per EU size is correct - I have also verified this myself by measuring the inside dimensions of the shoe. I have used Altras size chart below which is much closer to the truth.)

If you're buying Merrell for the first time, please check your feet length. Add 0.5 cm to ensure you get the right amount of space and convert on the chart below.

Inner length of the shoe	22 cm	22.5 cm	23 cm	23.5 cm	24 cm	24.5 cm	25 cm	25.5 cm	26 cm	26.5 cm	27 cm	27.5 cm	28 cm	28.5 cm
EU	36	37	37.5	38	38.5	39	40	40.5	41	42	42.5	43	44	44.5
UK	3.5	4	4.5	5	5.5	6	6.5	7	7.5	8	8.5	9	9.5	10
US	5.5	6	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11	11.5	12

### How to measure your feet?

#### Step 1

Position a piece of paper on a hard floor next to the wall, and step on it making sure your heel is slightly touching a wall behind.

#### Step 2

Mark the end of your big toe and the outermost part of your heel on the paper, and repeat the process with your other foot.

#### Step 3

Measure the distance between the two markings for both feet, add 0.5 cm to ensure they have the right amount of space, and convert on the chart above. If your feet have two different sizes, when comparing against the size chart use the length of your larger foot.

(PETRI'S TIP - if you are between two sizes take the bigger shoe. 0,5 is not much. NOTE! In chart the length is the length of the shoe, not your foot length - so add 0,5 cm to your foot length and then pick the right size from the table.)
